Quality Associates Named a Finalist for 2008 Channel Connection Awards

Fulton, Md. – March 5, 2008 – Quality Associates, Inc., an established provider of services and solutions for document management, imaging and archiving, announced that its work for Columbia, Maryland-based Maxim Health Systems, one of America 's foremost providers of flu shots and wellness services, is a finalist for top honors at the upcoming 2008 Channel Connection Awards. The annual award recognizes the top value-added reseller or systems integrator for an outstanding content management installation that demonstrates integration complexity and delivers ROI.

Business Solutions magazine will recognize the finalists and announce the winner of this year's Channel Connection Award today at a special ceremony at AIIM Expo 2008 at the Boston Convention and Exposition Center.

Quality Associates was named a Channel Connection finalist for building a Web-based information capture, storage and retrieval system implemented for Maxim Health Systems. With the new data management system, Maxim Health Systems is improving data accuracy and eliminating manual keying of repetitive information, which releases staff to focus more on patient care rather than filling out repetitive forms and resubmitting medical claims forms. A faster, more accurate billing process increases staff efficiency and results in fewer claims being denied, making a positive impact on Maxim's bottom line.

About Business Solutions Magazine

Business Solutions magazine is published exclusively for top management of companies that make up the distribution channel for information technology (IT) products. Business Solutions' articles show readers how to sell new technologies and penetrate growing vertical markets.

Business Solutions provides “actionable information” for value-added resellers (VARs) and systems integrators to increase sales, improve profits, and trounce the competition.

Founded in 1986, Quality Associates is a GSA Federal Supply Service (FSS) contract holder that has developed a strong track record in providing data conversion and archival services and systems for local, state and federal governments.

About Quality Associates, Inc.

Quality Associates, Inc. (QAI) offers customized document and knowledge management solutions that enable organizations to maximize productivity by ensuring that information is captured, converted and accessible. As a value-added reseller (VAR) that partners with the industry’s leading electronic content management (ECM) hardware and software providers, QAI offers a wide range of services and solutions that includes scanning and imaging; document and media conversion; storage and electronic archiving; and full systems integration and support with customized training programs. QAI also provides strategic quality assurance consulting and auditing services. QAI’s broad client base includes federal, state and local government agencies; chemical and manufacturing companies; financial, accounting and law firms; and medical research facilities.
