Quality Associates Receives “Top Federal Custom Solution Provider” Award from Kofax

Columbia, Md. -- May 15, 2006 -- Quality Associates, Inc., an established provider of services and solutions for document management, imaging and archiving, received the award for “Top Federal Custom Solution Provider (CSP)” from Kofax, the world's largest information capture vendor. The award signified achievement based on 2005 calendar year sales, and was presented by Kofax at the company’s annual Transform Partner Conference held in Orlando earlier this year.

Quality Associates joined the Kofax partner network in 1998. As a Kofax partner, Quality Associates offers its government and corporate clients throughout the Washington, D.C., Baltimore, Maryland, and northern Virginia areas with top-quality products from Kofax. Kofax solutions automate and accelerate business processes by collecting documents and forms, transforming them into accurate, retrievable information, and delivering it all into business applications, databases, and archives.

Dan Nore, Director - Federal Area, Kofax, said, “Quality Associates has demonstrated a consistently high level of service in delivering Kofax solutions to federal government agencies. As a systems integrator, Quality Associates takes an active “hands-on” approach to understanding a customer’s needs and incorporating the right technology solutions to fit those needs. The fact that Quality Associates is Kofax’s Top Federal CSP for 2005 is a reflection of their knowledge, skill and ability to get the job done.”

Scott Swidersky, Director, Information Systems Division, Quality Associates, said, “We are honored to have our efforts acknowledged by Kofax, our long-time business partner. Everyone at Quality Associates has put in a great deal of effort throughout 2005 to bring the best document and content management solutions to our clients, and we are working to achieve even greater success in 2006. “
