## **Quality Associates Wins Imaging and Archiving Contract with NASA Federal Credit Union**

Columbia, Md. – June 26, 2007 – Quality Associates, Inc., an established provider of services and solutions for document management, imaging and archiving, announced it has secured a new contract with NASA Federal Credit Union, the not-for-profit financial cooperative based in Upper Marlboro, Maryland. With this ongoing initiative, Quality Associates will convert receipts, deposit slips, and other paperwork relating to daily banking transactions into an electronic document management system (EDMS), where digital images can be searched, retrieved and archived by authorized NASA Federal Credit Union staff.

Chartered in 1949, NASA Federal Credit Union ([www.nasafcu.org](http://www.nasafcu.org)) serves the diverse needs of 68,000 members worldwide from a variety of professional organizations with a full array of financial services and the strength of more than \$800 million in assets. The credit union has nine locations throughout Washington D.C., Maryland and Virginia.

Quality Associates will be performing the work at its new headquarters location in Columbia, Maryland's new Maple Lawn business development.

Scott Swidersky, Director, Information Systems Division, Quality Associates, said, "Businesses throughout many sectors have the critical need to capture and retain information that is often only available in handwritten form. Rather than relying on printed paper archives or outdated storage technologies, businesses can leverage the most recent advancements in imaging and archiving and make searchable, retrievable documents available to any number of appropriate staff members as needed. In addition, having this information in digital format often fits within a corporation's continuity plans for record retention."

Founded in 1986, Quality Associates is a GSA Federal Supply Service (FSS) contractor that has developed a strong track record in providing data conversion and archival services and systems for local, state and federal governments.

**About Quality Associates, Inc.**

Quality Associates, Inc. (QAI) offers customized document and knowledge management solutions that enable organizations to maximize productivity by ensuring that information is captured, converted, and accessible. As a value-added reseller (VAR) that partners with the industry's leading electronic content management (ECM) hardware and software providers, QAI offers a wide range of services and solutions that include scanning and imaging; document and media conversion; storage and electronic archiving; and full systems integration and support with customized training programs. QAI also provides strategic quality assurance consulting and auditing services. QAI's broad client base includes federal, state and local government agencies; chemical and manufacturing companies; financial, accounting, and law firms; and medical research facilities.
