Quality Associates Becomes a Certified PSIGEN Reseller

Fulton, Md. – April 15, 2010 – Quality Associates, Inc. (QAI) www.qualityassociatesinc.com, an established provider of services and solutions for large-scale document management, imaging, and archiving, today announced it recently became a [PSIGEN](#) Advanced Document Capture and Scanning Reseller. The program allows QAI to sell, distribute, and implement PSIGEN's advanced suite of software for imaging, scanning, and capture.

Based in Irvine, Calif., PSIGEN's software has a proven record of success in many different industries, including construction, legal, accounting, and medical. Participation in the PSIGEN Software, Inc. Certified Reseller Program will enable QAI to procure software available only through PSIGEN's partner program. In addition, QAI receives full access to PSIGEN technical support and training. A sampling of the PSIGEN products offered by QAI includes:

- **[PSI: Capture Enterprise](#)**: Software that consolidates and standardizes information across the enterprise to a single-capture platform, while supporting numerous back-end enterprise content management (ECM) systems.
- **[PSI: Capture for MFPs](#)**: Software that delivers automated, unattended capture processing for distributed capture devices, including multi-function printers (MFPs), network scanners, or fax servers.
- **[PSI: Capture for SharePoint](#)**: Feature-rich scanning and capture onramp for Microsoft Office SharePoint Server (MOSS) and Windows SharePoint Services (WSS).

Scott Swidersky, director, Information Systems, Quality Associates, Inc., said, "Partnering with

PSIGEN will open doors to new opportunities for QAI and our clients. The company's PSI: Capture products are known throughout the industry for reliability and flexibility when used in enterprise-wide implementations. QAI maintains a large nationwide partner network of well-known industry manufacturers, established software developers, and innovative newer enterprises. It is through these relationships that we can, in turn, provide our clients in the mid-Atlantic region and throughout the country with the newest and most effective solutions, training, and technical support for their documentation and imaging needs."
